1310 - **EMPLOYMENT OF THE TREASURER**

The Board of Education shall seek a person both capable and licensed to fill the position of Treasurer, whenever that position may be vacant. The Board shall appoint a Treasurer as chief fiscal officer and fix his/her salary and term of office which shall be not more than five (5) years.

All persons considered for the position of Treasurer shall provide evidence of their training and experience in the fields of government accounting, State and Federal laws related to school district budgeting and financing, financial report preparation, and budget and accounting management as required by statute and the standards of the State Board of Education.

The Board may, in recruiting a Treasurer, utilize the services of:

- A. a committee of Board members;
- B. a professional consultant;
- C. a committee of community lay persons.

To aid in the search, the Board may use:

- A. a written job description for the position;
- B. informative materials describing the School District;
- C. a written specification of the salary and benefits;
- D. the opportunity for each applicant to visit the District should s/he so desire.

Any candidate's intentional misstatement of fact material to his/her qualifications for employment or the determination of his/her salary shall be considered to constitute grounds for dismissal.

The person selected for the position of Treasurer shall be required to undergo a medical examination reasonably related to the duties s/he will be required to perform, the cost of which shall be borne by the District.

No person may be employed as Treasurer of this District unless s/he has signed an employment contract with the Board. Such contract shall include:

- A. the term for which employment is contracted, including beginning and ending dates;
- B. the salary which the Treasurer shall be paid and the intervals at which s/he shall be paid;
- C. the benefits to which s/he is entitled;
- D. a specification of any powers and duties assigned by the Board to the Treasurer pursuant to R.C. 3319.031;
- E. such other matters as may be necessary to a full and complete understanding of the employment contract.

The Treasurer shall be responsible for the financial affairs of the District.

The Treasurer so appointed shall devote himself/herself exclusively to the duties of his/her office, unless secondary employment is Board approved.

The Treasurer shall report to and is subject to the direction of the Board.

The Treasurer shall direct and assign employees directly engaged in the day-to-day fiscal operations of the District, as those employees are so designated by the Board.

Before entering upon the duties of the office, the Treasurer of the Board shall execute a bond, in an amount and with surety to be approved by the Board, payable to the State, and conditioned for the faithful performance of all official duties required of the Treasurer. Such bond shall be deposited with the President of the Board, and a copy thereof, certified by the Treasurer, shall be filed with the County Auditor.

In lieu of executing a surety bond, the Board may authorize the Treasurer to be covered by an insurance policy issued by a Board-approved and accredited insurance carrier or joint self-insurance pool. The policy must cover the Board from losses caused by the fraudulent or dishonest actions of, and the failure to perform a duty prescribed by law of the Treasurer or other employee. Coverage must be equal to or greater than the amount required by the Board for a surety bond. The Treasurer shall deposit with the President of the Board a certified copy of documentation from the insurance provider that evidence proof of coverage before the employee is considered qualified for the position or undertakes official duties.

Prior to employment, the candidate selected must also pass a background check performed by the Bureau of Criminal Identification and Investigation and/or the Federal Bureau of Investigation. The candidate must also pass a pre-employment drug screening.

Code	po1340

1340 - **NON-REEMPLOYMENT OF THE TREASURER**

The Board of Education has an obligation to the citizens of this District to employ the professional leadership best trained and equipped to meet the educational needs of their children. It shall meet that obligation by retaining only the best qualified person as Treasurer for this District.

The Board may, at any regular or special meeting held during the period beginning on the first day of January of the calendar year preceding the year the Treasurer's contract of employment expires and ending on the first day of March of the year the contract expires, re-employ the Treasurer for a succeeding term not longer than five (5) years, beginning the first day of August immediately following the expiration of the Treasurer's current term of employment and ending July 31st.

At the expiration of a Treasurer's current term of employment, the Treasurer is deemed re-employed for a term of one (1) year at the same salary plus any increment that the Board may authorize, unless the Board, on or before March 1st of the year in which his/her contract of employment expires, either re-employs the Treasurer for a succeeding term or gives to the Treasurer written notice of its intent not to re-employ the Treasurer.

A Treasurer is automatically disqualified from service for failing to hold a valid Treasurer's license. In addition, a Treasurer who is unable to secure a surety bond or insurance policy as required by law is not considered an "otherwise qualified Treasurer", and is similarly disqualified from service. Otherwise, the termination of the Treasurer's contract shall be in accordance with R.C. 3319.16 for good and just cause.

~~Except for a Treasurer who is automatically disqualified from service for failing to hold a valid Treasurer's license and is not considered an "otherwise qualified Treasurer", the termination of the Treasurer's contract shall be in accordance with R.C. 3319.16 and may be terminated for good and just cause.~~

Reporting Professional Misconduct

Consistent with Policy 8141 and State law, the Board and/or the Superintendent will file a report to the Ohio Department of Education, on forms provided for that purpose, matters of professional misconduct on the part of the Treasurer, as a licensed professional, including a conviction of the Treasurer of certain enumerated crimes and/or conduct which is determined to be unbecoming to the teaching profession. Reports of any investigation regarding whether or not the Treasurer has committed an act or offense for which the Board is required to make a report to the Ohio Department of Education shall be kept in the personnel file of the Treasurer. Should the Ohio Department of Education determine that the results of that investigation do not warrant initiating an action suspending, revoking, or otherwise limiting the Treasurer's license, the report(s) of any investigation will be moved to a separate public file.

1615 - **USE OF TOBACCO BY ADMINISTRATORS**

The Board of Education is committed to providing students, staff, and visitors with a tobacco and smoke-free environment. The negative health effects of tobacco use for both users and nonusers, particularly in connection with second hand smoke, are well established. Further, providing non-smoking and a tobacco-free environment is consistent with the responsibilities of administrators and staff to be our positive role models for students.

For purposes of this policy, "use of tobacco" means to chew or maintain any substance containing tobacco, including smokeless tobacco, in the mouth to derive the effects of tobacco, as well as all uses of tobacco, or tobacco substitutes, including cigars, cigarettes, pipe tobacco, chewing tobacco, snuff, any other matter or substances that contain tobacco, in addition to papers used to roll cigarettes and/or smoking of electronic, "vapor," or other substitute forms of cigarettes, clove cigarettes and any other lighted smoking devices for burning tobacco or any other substances.

In order to protect students and staff who choose not to smoke or use tobacco from an environment noxious to them, and because the Board does not condone smoking or the use of tobacco, the Board prohibits the use of tobacco or tobacco substitute products by professional staff members at all times within any enclosed facility owned or leased or contracted for by the Board, and in areas directly or indirectly under the control of the Board immediately adjacent to locations of ingress or egress to such facilities. This prohibition extends to any Board-owned and/or operated vehicles used to transport students and to all other Board-owned and/or operated vehicles. Such prohibition also applies to school grounds.

Title	INTERSCHOLASTIC ATHLETICS
Code	po2431
Status	
Adopted	October 12, 2015
Last Revised	November 6, 2017

2431 - **INTERSCHOLASTIC ATHLETICS**

The Board of Education recognizes the value to the students of the District and to the community of a program of interscholastic athletics for students as an integral part of the total school experience.

The program should foster the growth of school loyalty within the student body as a whole and stimulate community interest in athletics.

The game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that which can be offered by a school or the School District alone. It should also offer an opportunity for career and educational development.

For purposes of this policy, the program of interscholastic athletics shall include all activities relating to competitive sport contests, games, events, or sport exhibitions involving individual students or teams of students of this District with those of another district.

The Board shall determine the standards of eligibility to be met by all students participating in the interscholastic program. Such standards shall require that each student be in good physical condition, be free of injury, and have fully recovered from illness before participating in any interscholastic athletic event.

No student may practice or compete in interscholastic athletics until the student submits a form signed by his/her parent or guardian, or by a person having care or charge of the student, affirming that each has received a concussion and head injury information sheet as prepared by the Ohio Department of Health. See Form 2431 F1 and Form 2431 F2.

In addition to the eligibility requirements established by the Ohio High School Athletic Association, to be eligible for any interscholastic extra-curricular activity, a student must have maintained at least a 2.0 grade-point average for the grading period prior to the grading period in which s/he wishes to participate.

Students educated at home or enrolled in a nonpublic school who are permitted to participate on a District interscholastic team must fulfill the same academic, nonacademic, and financial requirements as any other participant. See Policy 9270.

If a student who becomes ineligible under these standards improves his/her grade point average during the current grading period to meet the eligibility standard, s/he may be reinstated at the beginning of the next grading period.

Restoration of an "Incomplete" Grade

If a student's failure to meet the academic eligibility requirements is due to an "incomplete" grade given in one or more courses which the student was taking during the grading period in question, the student may have his/her eligibility restored once the "incomplete" has been changed to a passing letter grade provided:

- A. the failure to complete the required coursework during the grading period was due to calamity day(s), family tragedy, or illness or accident as verified by a physician; and
- B. the "incomplete" was given in accordance with Board of Education grading policies and procedures and is applicable to all students in the school; and
- C. the previously scheduled work and/or exams is/are completed within the time period provided in Board policy for completing work required to convert an "incomplete" into a letter grade; and
- D. there is no evidence that the "incomplete" was given in order to afford the student extended time in order to provide the student tutoring or other educational services simply to avoid a failing grade.

Specific documentation of criteria listed above (Items A-D) must be submitted to the Ohio High School Athletic Association (OHSAA) (See AG 2431) in order to be considered by the Executive Director for such a ruling.

These same eligibility standards shall apply to all other co-curricular and extra-curricular activities sponsored by the District. (See Policy 2430)

Students identified as disabled under R.C. 3323 and the IDEA are subject to the eligibility standards established by this policy unless specifically exempted by the express terms of their individualized education program (IEP). An IEP can specify the criteria by which a grade will be determined for (a) course(s), given the student's individualized disability.

Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the values of good sportsmanship and fair play.

The Board further adopts those eligibility standards set by the Constitution of the Ohio High School Athletic Association (OHSAA) that are consistent with State and Federal law, and shall review such standards annually to ascertain that they continue to be in conformity with the objectives of this Board.

No student shall be excused from a class or supervised study for an extended period of time to participate in interscholastic athletics. The Board further directs that only those students may participate in the program of interscholastic athletics who have:

- A. maintained a satisfactory academic record;
- B. attended school regularly;
- C. demonstrated good citizenship and responsibility;
- D. returned all school and athletic equipment;
- E. refrained from participation in a contest on a noninterscholastic team, or as an individual in the same sport during the school's season.

The Superintendent shall annually prepare, approve, and present to the Board for its consideration, a program of interscholastic athletics which shall include a complete schedule of events.

In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainers, and lay coaches shall not dispense, supply, recommend, or permit the use of any drug, medication, or food supplement solely for performance-enhancing purposes. The Superintendent shall cause to be posted in all locker rooms in buildings that include students in any grade higher than the sixth grade, the following:

"Warning: Improper use of anabolic steroids may cause serious or fatal health problems, such as heart disease, stroke, cancer, growth deformities, infertility, personality changes, severe acne, and baldness. Possession, sale, or use of anabolic steroids without a valid prescription is a crime punishable by a fine and imprisonment."

The Superintendent shall develop appropriate administrative guidelines for the operation of the Athletic Program and a Code of Conduct for those who participate. Such guidelines should provide for the following safeguards:

- A. Prior to enrolling in the sport,
 - 1. each participant shall submit to a thorough physical examination by a District-approved physician;
 - 2. parents shall report any past or current health problems along with a physician's statement that any such problems have or are being treated and pose no threat to the student's participation.
- B. Any student who is found to have a health condition which may be life-threatening to self or others shall not be allowed to participate until the situation has been analyzed by a medical review panel that has determined the conditions under which the student may participate. The District shall assume no liability for any student with a health condition who has been authorized to play by the parents and their physician but not by the District.
- C. Any student who incurs an injury requiring a physician's care is to have the written approval of a physician prior to the student's return to participation.

- D. Any student practicing for or competing in an interscholastic event who exhibits signs, symptoms, or behaviors consistent with having sustained a concussion or head injury shall be removed from the practice or competition by the student's coach (and/or the referee serving during the practice or competition).

Any student who has been removed from practice or competition by a coach or referee because he/she has exhibited signs, symptoms, or behaviors consistent with having sustained a concussion or head injury shall not be permitted to return to any practice or competition for which the coach or referee is responsible until both of the following occur:

1. The student's condition is assessed by a physician or other health care provider authorized by the Board, in accordance with requirements set forth in R.C. 3313.539(E)(2), to assess such a student.
2. The student receives written clearance that it is safe to return to practice or competition from a physician or other health care provider authorized by the Board, in accordance with requirements set forth in R.C. 3313.539(E)(2), to grant a such a clearance.

The Superintendent is also to develop guidelines for ensuring that sportsmanship, ethics, and integrity characterize the manner in which the athletic program is conducted and the actions of students who participate. Such guidelines should include:

- A. criteria for judging these important qualities;
- B. procedures by which these values will be communicated to students, parents, and supporters;
- C. means for monitoring the behavior of each of these groups to ensure their behavior reflects high standards.

The guidelines should also provide a set of behavioral expectations for each type of participant as well as a Sportsmanship Code of Conduct which each type of participant is to follow. The Superintendent is authorized to implement suitable disciplinary procedures against those who violate this Sportsmanship Code.

Students will be further informed that participation in interscholastic sports is a privilege and not a right, and that they may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights (See Policy 5610.05 - Prohibition From Extra-Curricular Activities).

In order to support the High School Athletic Association's program to strengthen sportsmanship, ethics, and integrity, the Board commits itself to:

- A. adopt policies (upon recommendation of the administration) which reflect the District's educational objectives and promote the ideals of good sportsmanship, ethics, and integrity;
- B. establish standards for athletic participation which reinforce the concept that athletic activities are a privilege, not a right;
- C. attend and enjoy school athletic activities, serving as a positive role model and expecting the same from parents, fans, participants, coaches, and other school

personnel;

D. support and reward participants, coaches, school administrators, and fans who display good sportsmanship;

E. recognize the value of school athletic activities as a vital part of education.

No student will be denied the opportunity to participate in interscholastic athletics offered by a school in the District because the student has or is participating in college credit plus program as long as the student fulfills all academic, nonacademic and financial requirements.

~~The Board of Education acknowledges that the Elementary and Secondary Education Act (ESEA), as amended, provides that the parents/guardians of students enrolled in a Title I school the first year following the building's identification as being in "School Improvement", have the right to transfer their children to another school in the District, provided there is a school that provides instruction at the students' grade level(s) and such school has not been identified as being in the process of school improvement, corrective action, or restructuring. If there is not another school in the District offering instruction at the students' grade level(s) that has not been identified as needing improvement, the Superintendent shall contact neighboring districts and request that they permit students to transfer to a school in one of those districts. The Superintendent shall also offer Supplemental Educational Services (SES) to students in any school no later than the first year following the building's identification as being in "School Improvement," regardless of whether a transfer option is available.~~

~~Additionally,~~ sStudents attending a "persistently dangerous" school, as defined by State law have the right to transfer to another "safe" school in the District. 5200 - **ATTENDANCE**

The educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session or during the attendance sessions to which s/he has been assigned.

A student in grades 9 through 12 may be considered a full-time equivalent student provided the student is enrolled in at least five (5) units of instruction, as defined by State law, per school year.

In accordance with statute, the Superintendent shall require, from the parent of each student of compulsory school age or from an adult student who has been absent from school or from class for any reason, a statement of the cause for such absence. The Board of Education reserves the right to verify such statements and to investigate the cause of each single absence or prolonged absence.

The Board considers the following factors to be reasonable excuses for time missed at school:

- A. personal illness (a written physician's statement verifying the illness may be required)
- B. illness in the family necessitating the presence of the child
- C. quarantine of the home
- D. death in the family
- E. necessary work at home due to absence or incapacity of parent(s)/guardian(s)
- F. observation or celebration of a bona fide religious holiday

- G. out-of-state travel (up to a maximum twenty-four (24) hours per school year that the student's school is open for instruction) to participate in a District-approved enrichment or extracurricular activity

Any classroom assignment missed due to the absence shall be completed by the student.

If the student will be absent for twenty-four (24) or more consecutive hours that the student's school is open for instruction, a classroom teacher shall accompany the student during the travel period to provide the student with instructional assistance.

- H. such good cause as may be acceptable to the Superintendent

- I. medically necessary leave for a pregnant student in accordance with Policy 5751

- J. service as a precinct officer at a primary, special or general election in accordance with the program set forth in Policy 5725

Attendance need not always be within the school facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the Board.

The Board shall consider each student assigned to a program of other guided learning experiences to be in regular attendance for the program provided that s/he reports to such staff member s/he is assigned for guidance at the place in which s/he is conducting study, and regularly demonstrates progress toward the objectives of the course of study.

The Superintendent may excuse a student over fourteen (14) years of age from attendance at school for a future limited period for the purpose of performing essential work directly or exclusively for his/her parents or guardians. Such excuse should not exceed five (5) days and may at the discretion of the Superintendent be renewed for five (5) additional days. At no time, however, shall such excuse cause a student to be absent from school for a period of more than ten (10) consecutive days.

At the discretion of the Superintendent or his/her designee, a student may be excused for a longer period of time than ten (10) days if a child's parent or guardian has recently died or become totally or partially incapacitated and there is no older brother or sister living in the home who is out of school. (The Superintendent may request a certificate of a physician attesting to the physical condition of the parent or guardian.)

Attendance shall be taken at the beginning of every block/period in buildings with block/period-based scheduling. Absences from a class block/period shall be accounted.

Attendance shall be taken at the commencement of the school day in buildings with non-period-based schedules. Attendance for students arriving late or leaving early must be tracked and recorded.

Contacting the Parent/Guardian of an Absent Student

When a parent, guardian, or other person having care of a student has failed to initiate a telephone call or other communication notifying the school or building administration of the student's excused or unexcused absence within 120 minutes after the beginning of the school day, the attendance officer or designee for each school building shall make at least one (1) attempt to contact the parent, guardian, or other person having care of any student who is recorded as absent without legitimate excuse within 120 minutes after the beginning of each

school day by a method designated by the Superintendent in accordance with Ohio law (see AG 5200).

Excessive Absences

~~When a student of compulsory school age is absent from school with or without legitimate excuse for thirty-eight (38) or more hours in one (1) school month, or sixty-five (65) or more hours in a school year, the attendance officer~~ When a student of compulsory school age is absent from school with combined nonmedical excused absences and unexcused absences in excess of thirty-eight (38) or more hours in one (1) school month, or sixty-five (65) or more hours in a school year, that student is considered "excessively absent" from school. The District or school shall notify the child's parent or guardian of the child's absences, in writing, within seven (7) school days after the date of the absence that triggered the notice requirement. At the same time written notice is given, any appropriate intervention action listed herein may be taken.

A student will be considered habitually truant if the student is of compulsory school age and absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in one (1) school month, or for seventy-two (72) or more hours in one (1) school year.

Legitimate excuses for the absence of a student who is otherwise habitually truant include but are not limited to:

- A. the student was enrolled in another school district;
- B. the student was excused from attendance in accordance with R.C 3321.04; or
- C. the student has received an age and schooling certificate.

Absence Intervention Team

To the extent required by law as determined on an annual basis, within ten (10) days of a student becoming habitually truant, the Principal shall assign the student to an absence intervention team.

Within fourteen (14) school days after the assignment of a student to an absence intervention team, the team shall develop an intervention plan for that student in an effort to reduce or eliminate further absences. Each intervention plan shall vary based on the individual needs of the student, but the plan shall state that the attendance officer shall file a complaint not later than sixty-one (61) days after the date the plan was implemented, if the child has refused to participate in, or failed to make satisfactory progress on, the intervention plan. Within seven (7) school days after the development of the plan, reasonable efforts shall be made to provide the student's parent/guardian/custodian, with written notice of the plan.

Each absence intervention team may vary based on the needs of each individual student but shall include a representative from the child's building, another representative from the child's building who knows the child, and the child's parent or parent's designee, or the child's guardian, custodian, guardian ad litem, or temporary custodian. The team also may include a counselor.

The members of the absence intervention team shall be selected within seven (7) school days of the student meeting the habitually truant threshold. Within the same period of seven (7) school days, the Principal shall make at least three meaningful, good faith attempts to secure the participation of the student's parent/guardian/custodian, guardian ad litem, or temporary custodian on that team. A good faith attempt to secure the participation of the

parent shall include, but not be limited to, contacting (or attempting to contact) the parent by telephone, email, or regular mail. If the student's parent responds to any of those attempts, but is unable to participate for any reason, the Principal shall inform the parent of the parent's right to appear by designee. If seven (7) school days elapse and the student's parent/guardian/custodian, guardian ad litem, or temporary custodian fails to respond to the attempts to secure participation, the attendance officer shall investigate whether the failure to respond triggers mandatory abuse or neglect reporting to the public children services agency. At the same time, the absence intervention team shall continue to develop an intervention plan for the child notwithstanding the absence of the child's parent/guardian/custodian, guardian ad litem, or temporary custodian.

Intervention Strategies

In order to address the attendance practices of a student who is habitually truant, the intervention team may, as part of an intervention plan, take any of the following intervention actions:

- A. provide counseling to the student
- B. request or require the student's parent to attend a parental involvement program
- C. request or require a parent to attend a truancy prevention mediation program
- D. notify the Registrar of Motor Vehicles of the student's absences
- E. take appropriate legal action

In the event that a student becomes habitually truant within twenty-one (21) school days prior to the last day of instruction of a school year, the Principal may, in his/her discretion, assign available school staff to work with the child's parent/guardian/custodian, guardian ad litem, or temporary custodian to develop an absence intervention plan during the summer.

The absence intervention process shall commence upon the first day of instruction of the next school year.

Reporting Requirements

The attendance officer shall file a complaint in the juvenile court against a student on the sixty-first (61st) day after the implementation of an absence intervention plan or other intervention strategies, provided that all of the following apply:

- A. The student is habitually truant.
- B. The school district or school has made meaningful attempts to re-engage the student through the absence intervention plan, other intervention strategies, and any offered alternatives to adjudication, if applicable.

If the student, at any time during the implementation phase of the absence intervention plan or other intervention strategies, is absent without legitimate excuse for thirty (30) or more consecutive hours or forty-two (42) or more hours in one (1) school month, the attendance officer shall file a complaint in juvenile court against that student, unless the absence intervention team has determined that the student has made substantial progress on the absence intervention plan.

In the event that the sixty-first (61st) day after the implementation of the absence intervention plan or other intervention strategies falls on a day during the summer months,

the principal may extend the implementation of the plan and delay the filing of the complaint for an additional thirty (30) days from the first day of instruction of the next school year.

The Superintendent is authorized to establish an educational program for parents of truant students which is designed to encourage parents to ensure that their children attend school regularly. Any parent who does not complete the program is to be reported to law enforcement authorities for parental education neglect, a fourth class misdemeanor if found guilty.

Whenever any student of compulsory school age has sixty (60) consecutive hours in a single month or a total of ninety (90) hours of unexcused absence from school during the school year, s/he will be considered habitually absent under R.C. 3321.13(b)(2). The Board authorizes the Superintendent to inform the student and his/her parents, guardian, or custodian of the record of absences without a legitimate excuse as well as the District's intent to notify the Registrar of Motor Vehicles, if appropriate, and the Judge of the Juvenile Court of the student's unexcused absences and habitually absent status.

If a student who is habitually truant violates the order of a juvenile court regarding the student's prior adjudication as an unruly child for being a habitual truant, s/he may further be adjudicated as a delinquent child.

The District shall report to the Ohio Department of Education, as soon as practicable, and in a format and manner determined by the Department, any of the following occurrences:

- A. when a notice that a student has been absent with or without legitimate excuse for thirty-eight (38) or more hours in one (1) school month, or sixty-five (65) or more hours in a school year is submitted to a parent/guardian/or custodian;
- B. when a child of compulsory school age has been absent without legitimate excuse from the public school the child is supposed to attend for thirty (30) or more consecutive hours, forty-two (42) or more hours in one (1) school month, or seventy-two (72) or more hours in a school year;
- C. when a child of compulsory school age who has been adjudicated an unruly child for being an habitual truant violates the court order regarding that adjudication;
- D. when an absence intervention plan has been implemented for a child under this policy.

This policy was developed after consultation with the judge of the juvenile court of Preble County, with the parents, guardians, or other persons having care of the students attending school in the district, and with appropriate State and local agencies.

5230 - **LATE ARRIVAL AND EARLY DISMISSAL**

It is necessary that a student be in attendance throughout the school day in order to benefit fully from the educational program of the District.

The Board of Education recognizes, however, that from time-to-time compelling circumstances require that a student be late to school or dismissed before the end of the school day.

As agent responsible for the education of the children of this District, the Board shall require that the school be notified in advance of such absences by request of the student's parent, which shall state the reason for the tardiness or early dismissal. Justifiable reasons shall be determined by the principal.

If one (1) parent has been awarded custody of the student by the courts, the parent of custody shall provide the school with a copy of the custody order and inform the school in writing of any limitations in the rights of the noncustodial parent. Absent such notice, the school will presume that the student may be released into the care of either parent.

No student who has a medical disability which may be incapacitating may be released without a person to accompany him/her.

No student shall be released to anyone who is not authorized such custody by the parents.

Presentation of photo identification may be required of anyone authorized such custody. (see Form 5230 F1).

Title	DISPOSITION OF REAL PROPERTY/PERSONAL PROPERTY
Code	po7300
Status	
Adopted	October 12, 2015
Last Revised	April 9, 2018

7300 - DISPOSITION OF REAL PROPERTY/PERSONAL PROPERTY

The Board of Education believes that the efficient administration of the District may require the disposition of real property and/or personal property that is no longer necessary to meet the educational or operational needs of the School District.

"Real Property" means land, including land improvements, structures and appurtenances thereto, but excludes moveable machinery and equipment.

"Personal Property" means tangible property other than real property. It may be tangible, having physical existence, or intangible and may include automotive vehicles, equipment, and materials.

All property considered for disposition may be subjected to a current, outside, professional appraisal prior to the solicitation of offers.

Disposition of Personal Property under \$10,000

Personal property, the value of which does not exceed \$10,000, shall be disposed of by the Superintendent in such a manner as will be in the public interest and benefit the School District (see Policy 7300 - Disposition of Real Property/Personal Property and Policy 7310 - Disposition of Surplus Property). If the Board decides to trade an item of personal property as a part or an entire consideration on the purchase price of an item of similar personal property, the Board may trade the personal property upon such terms as are agreed upon by the parties.

Disposition of Real Property under \$10,000

Real property, the value of which does not exceed \$10,000, shall be disposed of by the Board in such manner as will be in the public interest and benefit to the School District and may be accomplished by private sale. If the Board identifies a parcel of real property that it determines is needed for school purposes, the Board may, upon majority vote of the members of the Board, acquire such parcel by exchanging its real property for the parcel or

using the real property as part or an entire consideration for the purchase price of the identified real property. Any exchange or acquisition shall be made by conveyance executed by the President and the Treasurer of the Board.

Disposition of Personal and Real Property over \$10,000

Property, (personal and real), the value of which exceeds \$10,000, shall be sold at public auction to the highest bidder in accordance with law. The Board may offer real property for sale as an entire tract or in parcels.

A. Unless the property is being:

1. sold to an exempt entity, as defined in R.C. 3313.41(C);
2. sold and/or leased to a community school or the board of trustees of a college preparatory boarding school, or a STEM school as set forth in R.C. 3313.411 or 3313.413; or
3. exchanged for an identified parcel of real property that the Board determines it needs for school purposes or the property is being used as part or an entire consideration for the purchase price of the identified real property, pursuant to R.C. 3313.41(F); or
4. traded as a part or an entire consideration on the purchase price for a similar item of personal property upon such terms as agreed to by the parties to the trade pursuant to R.C. 3313.41(D) or

the District shall attempt to sell the property by public auction after giving at least thirty (30) days notice of the auction by publication in a newspaper of general circulation; or

B. If, after the property has been offered once by public auction, no acceptable bids have been received, the District may sell the property at private sale. The following procedures shall apply:

1. Regardless of how the property was offered at public auction, at a private sale, the Board shall, as it considers best, sell real property as an entire tract or in parcels. Personal property shall be sold in either a single lot or several lots.
2. Offers, when received, will be distributed to the members of the Board.
3. In consideration of the best interest of the District and of the residents and taxpayers, the Board reserves the right to reject any and all offers at its sole discretion, regardless of price and terms.
4. Potential purchasers or lessees shall demonstrate financial capability to meet the terms and conditions of their purchase or lease offer.

C. If the Board decides to dispose of real property, prior to disposing of the property in the manner set forth above, the Board shall first offer the property to the governing authorities of all start-up community schools, the board of trustees of any college preparatory boarding schools, and the governing bodies of any STEM schools located within the territory of the District. The Board shall give priority to governing authorities of high-performing community schools that are located within the territory of the

District. If more than one (1) governing authority of a high-performing community school offered the property notifies the Treasurer in writing of its intent to purchase the property within sixty (60) days after the offer is made, the Board shall conduct a public auction utilizing the process described above. If no governing authority from a high-performing community school expresses an intent to purchase the property within sixty (60) days after the offer is made, the Board shall proceed with the offers from all other governing authorities of the start-up community schools and the board of trustees of any college preparatory boarding school and the governing bodies of any STEM schools located within the territory of the District.

D.

1. The Board shall offer the property to any community school governing authority, college preparatory boarding school board of trustees or governing body of a STEM school at a price that is not higher than the appraised fair market value of the property as determined in an appraisal of the property that is not more than one (1) year old.
2. In the event that more than one (1) community school governing authority, college preparatory boarding school board of trustees or STEM school governing body notifies the Treasurer of its intent to purchase the property within the prescribed time, the Board shall conduct a public auction utilizing the process described above.

E. Disposition of Unused School Facilities

1. "Unused School Facilities" means any real property that has been used by the District for school operations, including but not limited to academic instruction or administration, since July 1, 1998, but has not been used in that capacity for one (1) year. ~~two (2) years.~~
2. The Board shall first offer any unused school facilities it owns for lease or sale to the governing authority of any community school, the board of trustees of any college preparatory boarding school, and the governing bodies of any STEM schools that are located within the territory of the District.
3. The Board shall give priority to the governing authorities of high-performing community schools that are located within the territory of the District.

At the same time the Board makes the offer to lease or sale, the Board may, but is not required to, offer the property for lease or sell to the governing authority of any community school with plans, as stated in applicable contracts, either to relocate to or add facilities in the District.

4. If only one (1) governing board of a high-performing community school accepts the Board's offer within the prescribed time, the Board shall sell or lease the property to that party for the appraised fair market value of the property as determined in an appraisal that is not more than one (1) year old. If more than one (1) governing board of a high-performing community school offered the property accepts the Board's offer within sixty (60) days, the Board shall conduct a public auction utilizing the process described above or, in the event of a lease, the Board shall conduct a lottery to select the one (1) qualified governing authority to

which the Board shall lease the property.

5. If no governing authority of a high-performing community school notifies the Treasurer of its intent to purchase or lease the property within the prescribed time, the Board shall then proceed with the offers from all other start-up community schools, college-preparatory boarding schools, and STEM schools that responded within the prescribed time. If more than one such entity notifies the Treasurer of its intent to purchase or lease the property, the Board shall conduct a public auction or, in the event of a lease, a lottery to select the one qualified governing authority to which the Board shall lease the property.

Only the parties that notify the Board within sixty (60) days may offer a bid at the auction or participate in a lottery. The Board is not required to accept a bid that is lower than the appraised fair market value of the property as determined by an appraisal that is no more than one (1) year old.

6. Any subsequent lease or sale of the property shall proceed in accordance with law.
 7. If no governing authority of any start-up community school or STEM school or board of trustees accepts the offer to lease or buy the property within sixty (60) days after the subsequent offer is made, the Board may offer the property for sale or lease to any other permissible entity.
- F. Further, the Board may dispose of property upon the majority vote of the members of the Board and a concurring vote of the legislative authority of a municipal corporation, declaring that an exchange of real property held by the District for school purposes for real estate held by the municipal corporation for municipal purposes will be mutually beneficial to both the District and the municipal corporation. The exchange may be made by conveyances that are executed by the President and Treasurer of the Board and the Mayor and Clerk of the municipal corporation, respectively.
- G. The Board President and Treasurer shall execute and deliver deeds or other necessary instruments of conveyance to complete any sale or trade under this policy.

Donation of Real or Personal Property

- A. If the School District has property that the Board, by resolution, determines is not needed for school purposes, is obsolete, or is not fit for the use for which it was acquired, the Board may donate the property if the estimated fair market value of such property is \$2,500 or less in the opinion of the Board. The property may only be donated to an eligible 501(c)(3) nonprofit organization located in the State of Ohio and exempt from Federal income taxation under 26 U.S.C. 501(a) and 501(c)(3).
- B. Prior to donating the property, the Board shall adopt a resolution that contains the following:
 1. a statement expressing the Board's intent to make unneeded, obsolete or unfit-for-use, District property available to nonprofit organizations;
 2. guidelines and procedures the Board considers to be necessary to implement the donation program;

3. an indication of whether the District will conduct such program or by a representative under contract with the Board;
 4. contact information for such representative, if the person is known when the resolution is adopted;
 5. a requirement that any nonprofit organization desiring to obtain donated property submit a written notice to the board or its representative that includes:
 - a. evidence that the organization is a nonprofit organization that is located in the State of Ohio and exempt from Federal income taxation;
 - b. a description of its primary purposes;
 - c. a description of the type or types of property the organization needs; and
 - d. the name, address, and telephone number of a person designated by the organization to receive donated property as its agent.
- C. Upon the adoption of the resolution, the Board shall publish at least twice in a newspaper of general circulation, notice of its intent to donate unneeded, obsolete, or unfit-for-use property to eligible nonprofit organizations. The notice must also include a summary of the information provided in the resolution. A similar notice must also be continually posted in the Board's office and on the District's Internet website, if one exists. The second and subsequent notices shall be posted not less than ten (10) and not more than twenty (20) days after the previous notice.
- D. The Board or its representative must maintain a list of:
1. all eligible 501(c)(3) nonprofit organizations that submit a written notice described above; and
 2. a list of all real or personal property that qualifies for the program.
- The list of qualifying property must be continually posted at the same locations at which the resolution creating the program must be posted.
1. An item of property on the list must be donated to the 501(c)(3) organization that first declares to the Board or its representative its desire to obtain the item unless the Board previously established in a separate and distinct resolution, a list of eligible 501(c)(3) organizations that are to be given priority for an item's donation.
 2. The resolution giving priority to certain nonprofit organizations must specify the reasons for giving the organizations this priority. Such priority may be given based on a direct relationship between the purposes of the organization and specific purposes of the programs provided or administered by the Board.
- E. Members of the Board must consult with the Ohio Ethics Commission and comply with R.C. Chapters 102 and 2921 when donating property to a 501(c)(3) organization of which a Board member, his/her family member(s) or a business associate(s) of a Board member is a trustee, officer, Board member, or employee.

8510 - **WELLNESS**

As required by law, the Board of Education establishes the following wellness policy for the Eaton Community School District as a part of a comprehensive wellness initiative.

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the District's students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

Schools alone, however, cannot develop in students healthy behaviors and habits with regard to eating and exercise. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits.

The Board sets the following goals in an effort to enable students to establish good health and nutrition habits:

A. With regard to nutrition education, the District shall:

1. Nutrition education shall be included in the Health curriculum so that instruction is sequential and standards-based and provides students with the knowledge, attitudes, and skills necessary to lead healthy lives.
2. Nutrition education shall be included in the sequential, comprehensive Health curriculum in accordance with the curriculum standards and benchmarks established by the State.

3. Nutrition education shall be integrated into other subject areas of the curriculum, when appropriate, to complement, but not replace, the standards and benchmarks for health education.
4. Nutrition education posters, such as the USDA Nutrition Guidelines and Smart Snacks standards, will be displayed in the cafeteria.
5. Nutrition education standards and benchmarks promote the benefits of a balanced diet that includes fruits, vegetables, whole grain products, and low-fat and fat-free dairy products.
6. Staff responsible for providing instruction in nutrition education shall regularly participate in professional development activities designed to better enable them to teach the benchmarks and standards.

B. With regard to physical activity, the District shall:

1. Physical Education

- a. A sequential, comprehensive physical education program shall be provided for students in K-12 in accordance with the physical education academic content standards and benchmarks adopted by the State.
- b. The sequential, comprehensive physical education curriculum shall provide students with opportunities to learn, practice, and be assessed on developmentally appropriate knowledge, attitudes, and skills necessary to engage in lifelong, health-enhancing physical activity.
- c. The sequential, comprehensive physical education curriculum shall stress the importance of remaining physically active for life.
- d. Teachers properly certificated/licensed in the subject area of physical education shall provide all instruction in physical education.
- e. Professional development opportunities should focus on the physical education content area.
- f. All physical education classes shall have a student/teacher ratio comparable to the student/teacher ratio in other curricular areas.
- g. Planned instruction in physical education shall include cooperative as well as competitive games.

2. Physical Activity

- a. Physical activity and movement shall be integrated, when possible, across the curricula and throughout the school day.
- b. Schools shall encourage families to provide physical activity outside the regular school day, such as outdoor play at home, participation in sports

sponsored by community agencies or organizations, and in lifelong physical activities like bowling, swimming, or tennis.

- c. All students in grades K- 5 shall be provided with a daily recess period at least fifteen (15) minutes in duration. Recess shall not be used as a reward or punishment.

C. With regard to other school-based activities the District shall:

- 1. The school shall provide attractive, clean environments in which the students eat.
- 2. Schools in our system utilize electronic identification and payment systems, therefore, eliminating any stigma or identification of students eligible to receive free and/or reduced meals.

D. With regard to nutrition promotion, any foods and beverages marketed or promoted to students on the school campus, during the school day, will meet or exceed the USDA Smart Snacks in School nutrition standards.

Additionally, the District shall:

- 1. encourage students to increase their consumption of healthful foods during the school day;
- 2. create an environment that reinforces the development of healthy eating habits, including offering the following healthy foods that comply with the USDA Dietary Guidelines for Americans and the USDA Smart Snacks in school nutrition standards.

All foods and beverages sold as fund-raisers outside of the school meals program during the regular and extended school day shall meet the USDA Competitive Food regulations and the Alliance for A Healthier Generation's Competitive Foods and Beverages Guidelines.

Furthermore, with the objectives of enhancing student health and well being, and reducing childhood obesity, the following guidelines are established:

- A. In accordance with Policy 8500, entitled Food Service, the food service program shall comply with Federal and State regulations pertaining to the selection, preparation, consumption, and disposal of food and beverages as well as to the fiscal management of the program.
- B. As set forth in Policy 8531, entitled Free and Reduced Price Meals, the guidelines for reimbursable school meals are not less restrictive than the guidelines issued by the U.S. Department of Agriculture (USDA).
- C. The food service program will provide all students affordable access to the varied and nutritious foods they need to be healthy and to learn well.
- D. All foods available to students in the dining area during school food service hours shall comply with the current USDA Dietary Guidelines for Americans, including competitive foods available to student a la carte or from vending machines.

- G. Continuing professional development shall be provided for all staff of the food service program.

The Board designates the Superintendent as the individual charged with operational responsibility for measuring and evaluating the District's implementation and progress under this policy. The Superintendent shall develop administrative guidelines necessary to implement this policy.

The Superintendent shall appoint a District-wide Wellness Committee that includes parents, students, representatives of the school food authority, educational staff (including health and physical education teachers), mental health and social services staff, school health professionals, members of the public, and school administrators to oversee development, implementation, evaluation and periodic update of this policy. In order to inform the public, the Superintendent shall post the policy on the District's website, including the Wellness Committee's assessment of the policy's implementation.
