

SIDE ONE: DAILY ASSESSMENT FOR STUDENTS AND STAFF

Eaton Community Schools is asking each family to monitor their child’s temperature and health symptoms at home prior to arriving at school or boarding a school bus. Please take a moment each morning to check for COVID-19 related symptoms. If you check yes for any of the following items, you should refer to the reverse side of this document to determine if your child should attend school.

This guide is meant to help with daily checks as related to attending school and should not be used in place of a medical professional. If you believe you or someone in your household has symptoms of COVID-19 you should consult with your primary healthcare provider. If you are in a medical emergency call 911.

SECTION 1: Symptoms

<input type="checkbox"/>	Temperature 100.0 degrees Fahrenheit or higher
<input type="checkbox"/>	Sore throat
<input type="checkbox"/>	New uncontrolled cough that causes difficulty breathing (for students with chronic allergic/ asthmatic cough, a change in their cough from baseline)
